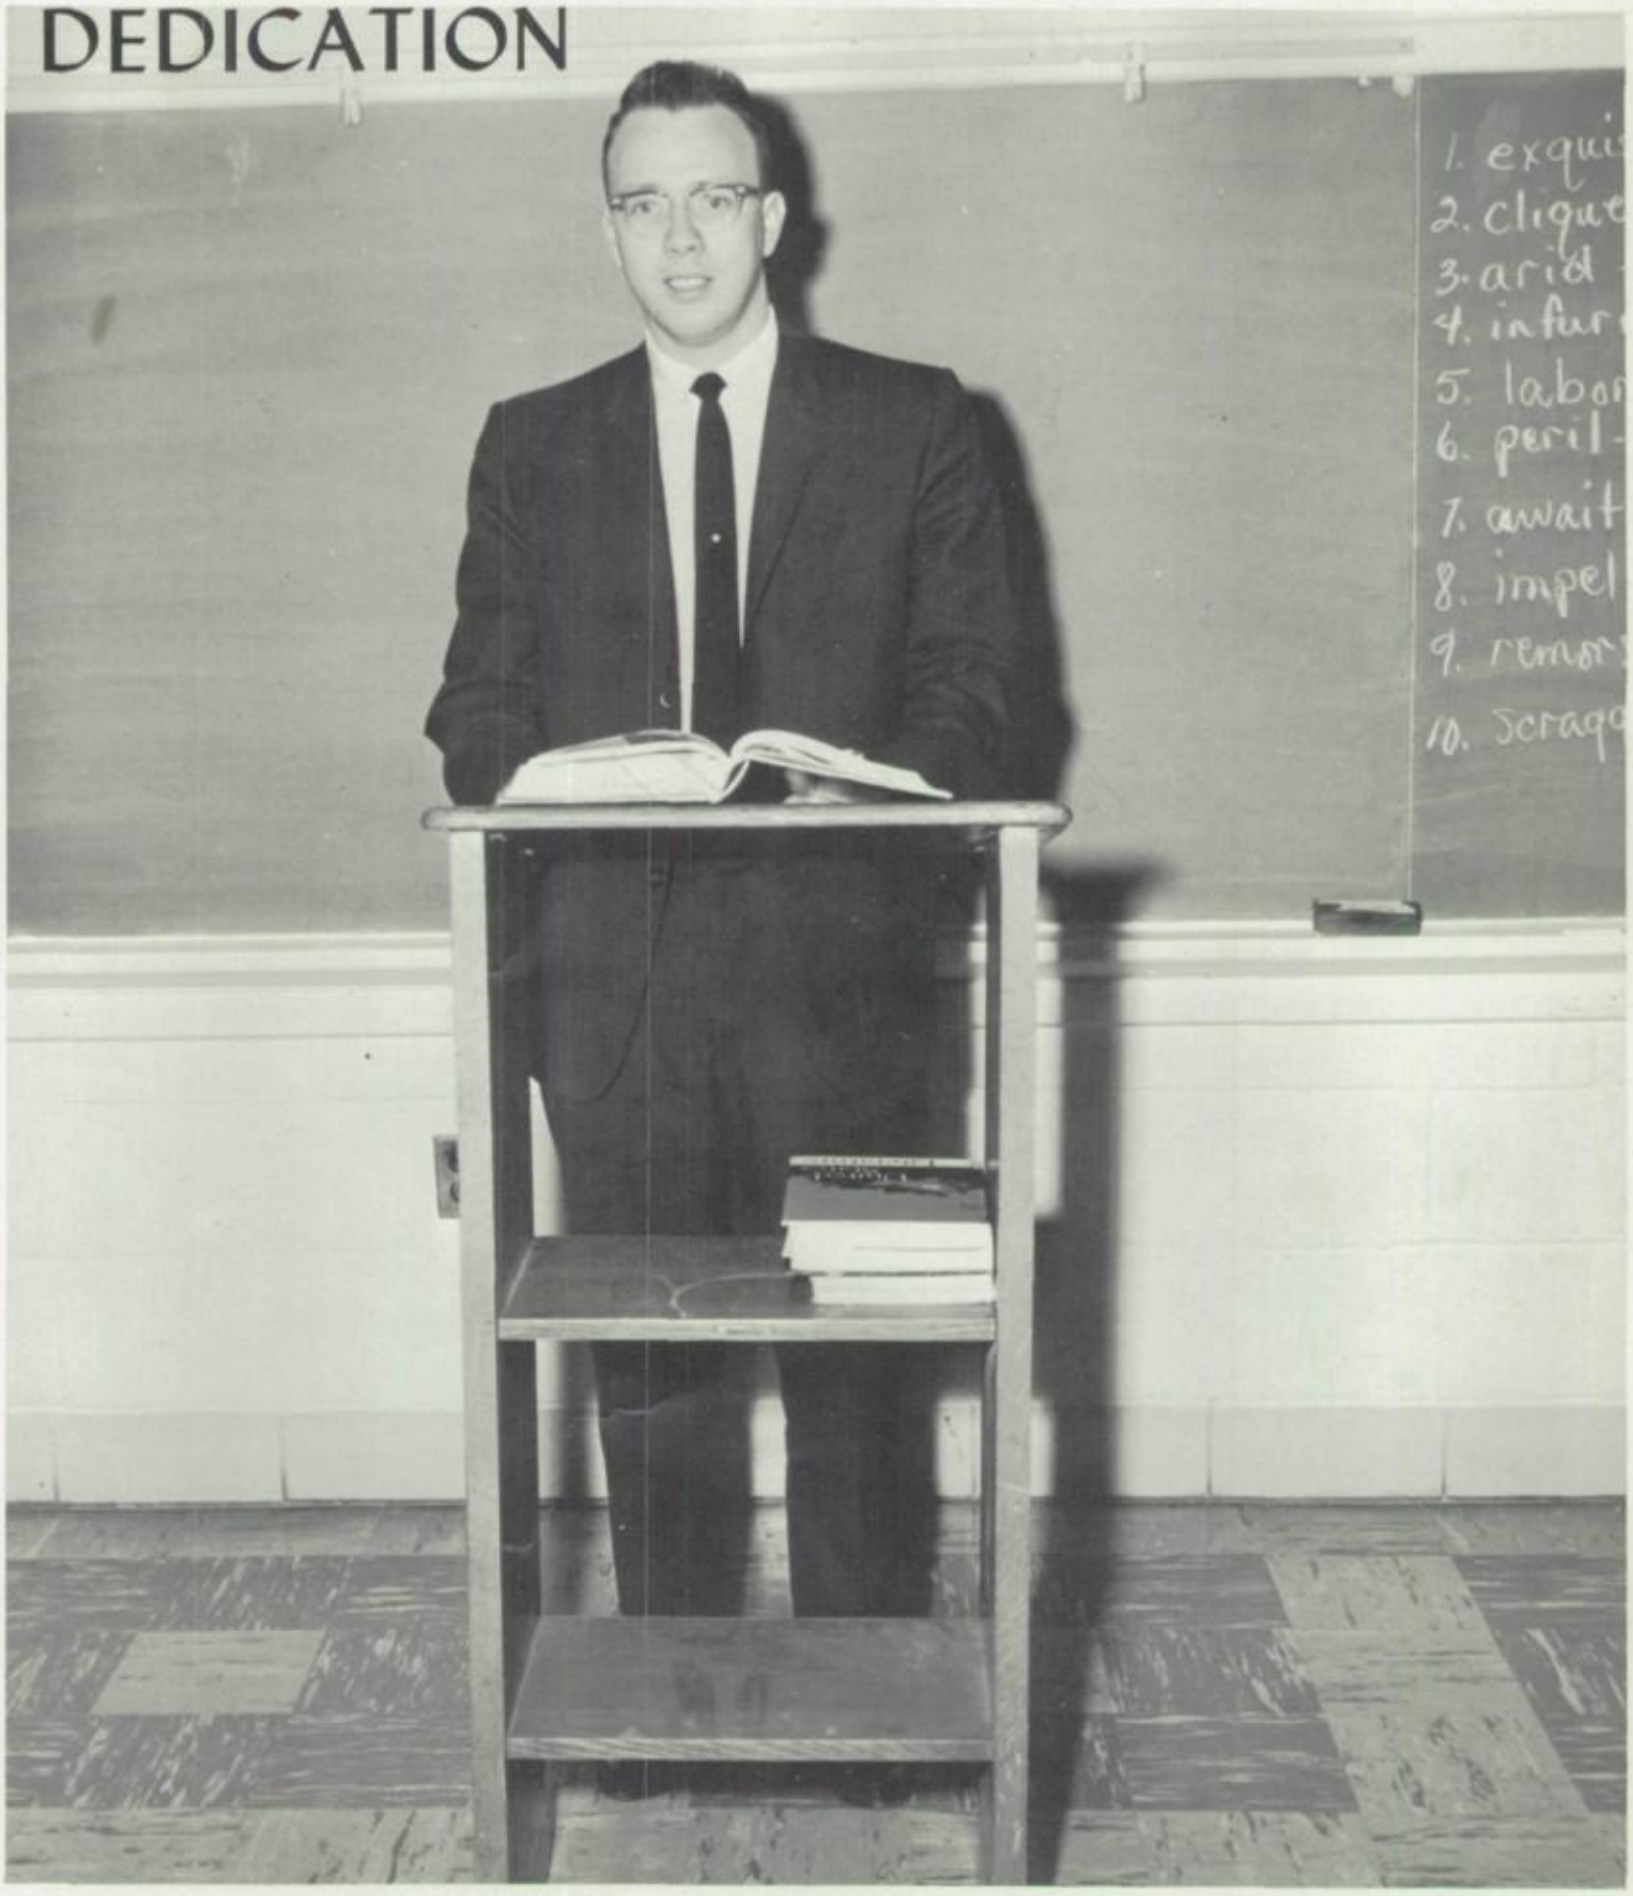
DEDICATION



We the Seniors proudly dedicate the 1966 Opessan Log to Mr. Richard A. Miller. Mr. Miller has been a great help to the Seniors, he has never refused us when we needed his help. Mr. Miller has been our homeroom teacher for two years and has been our advisor for the two most important years of our high school lives. Again we say, thank you for a job well done.

Best of luck
in all you do.
Richard

PRINCIPAL'S MESSAGE

Genius, I am told, is only the power of making continuous efforts. The line between failure and success is so fine that we scarcely know when we pass it. It is so fine that we may be on it and not realize it. How many of us throw up our hands at a time when a little more effort, a little more patience would achieve success. The seeds of success and failure are within you. Which ones do you nourish?

The class of 1966 is a credit to our school. You have done about everything possible to further the interests of your class and our school. The faculty is proud of your achievements. Much of your success can be attributed to the fine selection of officers who served you as true leaders should. They certainly have been nourishing the seeds of success within themselves for a long time.

Your yearbook is all that you hoped and prayed it would be. You left no effort unused to bring it up to your high expectations. Congratulations.

May your ship continue to sail on as successfully over the uncharted seas of life, as it did during your years at Oldtown School.

With our very best wishes, we bid you a fond farewell.
